Dear Families,

While due to state restrictions Noah Webster is not eligible for the summer food program that would provide lunch during this time, there are a few local resources that are available to our families for lunch and breakfast:

**Mesa Public Schools:**

We will be working on a plan for reimbursement for field trips and lunch orders once we are assured by the state that our plan for reopening is not being adjusted.

Thank you for your continued patience, understanding, and support as we work through this unprecedented time in education.

Sincerely,

Noah Webster Schools
