

Dear Noah Webster families,

At Noah Webster Schools, we will continue to provide our students with educational opportunities through learning materials and activities during this time of school closure.

**Students are encouraged to participate in at home learning if feasible for families; however, they are in no way required nor graded.**

In addition to the opportunities that are currently being made available through on-line resources, we will also be providing printed resources for families. Classroom and Special Education teachers will send out curriculum information regularly to their families via email. If you are not able to access the digital resources and would like your students to practice the learning opportunities we will be providing printed packets of review materials starting Monday, March 30, 2020

Printed materials will be available in the front parent pick up area on Monday, March 30, 2020 8:00-10:00 and 3:00-5:00 and April 6, 2020 8:00-10:00 and 3:00-5:00.

If your child can participate with the digital resources the printed work is not required, please use one or the other, not both.

**Again, these activities are optional and not required. These do not need to be returned to the school.**

We appreciate the support of our Noah Webster families.

Thank you,

Noah Webster Schools
