Distance Learning Background Information

a. Number of Instructional Days (3.b)

Each charter school shall operate for the required 180 days of instruction pursuant to Executive Order 2020-41 (3.b). An exception to this requirement may be granted by the ASBCS, if the school intended to switch to a different schedule for the 2020-2021 school year. If ASBCS previously approved the school to operate on a calendar that was not 180 days, but met the number of hours equal to 180 days of instruction, this provision is still met, and no action is required.

If the school intended to switch to a different schedule for the 2020-2021 school year, but has not yet been approved by the ASBCS, please contact your Education Program Manager.

Please note, pursuant to Executive Order 2020-44 the Arizona Department of Education (ADE) shall conduct an analysis of the need to waive the number of school days that schools are required to provide schooling and the impact of such a waiver by August 31, 2020.

Resource services will be provided via direct instruction from teacher, reteach can/will be provided through instructional assistants. We will continue the use of eSpark for all students (assignments based on current needs) and provide recorded lessons for students to review or if they missed their session for any given time. Special Education teachers will set up of office hours for parents and students to touch base with team. Knowing our current population, team may need to provide resources to students in order to be successful. We can provide students with "tool boxes" that can be checked out by parents for students to use at home as needed. Counseling, will start out as 1:1 and move into groups as school structure changes. Recorded lessons for social emotional supports will be provided that all staff can use for their own classes as needed. A variety of topics can be addressed; staff will be surveyed to see what they may be seeing as a need to be addressed by counseling team. Parent meetings are virtual unless requested.

<ol style="list-style-type: none"> Teachers of EL (English Learner) students will differentiate for EL students according to their proficiency level (Pre-Emergent/Basic/Intermediate). Lesson plans provided by the teacher will include aligning ELP (English Language Proficiency) standards to ensure that students are receiving explicit language instruction as well as integrated content instruction. Teachers will partner the ELP Standards with the grade level stands to determine the needs of their EL students to provide support in those areas. In addition, teachers will also provide Integrated ELD instruction in other content areas such as math, science, and social studies. 	<ol style="list-style-type: none"> Classroom Teacher Classroom Teacher Classroom Teacher 	<ol style="list-style-type: none"> Daily Weekly Weekly 	<ol style="list-style-type: none"> Lesson Plans Lesson Plans Lesson Plans

Process for Implementing Action Step

Aligning the ELP standards with other content areas can be instructed by integrating content learning with English language acquisition strategies and supports such as grade level appropriate listening, speaking, reading and writing English according to the needs and proficiency level of the EL student. By following these guidelines as part of Arizona's SEI Models, Noah Webster Schools plans to ensure access and meet the needs for EL students. Assessments for classroom standards will be conducted as the campus determines, and state level assessments will be conducted as the state determines, adjustments will be made as needed to account for a virtual setting.
