Advanced Band is a fun and welcoming program where students continue building their music skills, play an instrument of their choice, and grow alongside peers who share a love for music. They'll build confidence, express creativity, and develop teamwork through the joy of making music together. We'll have two concerts this year — one in December and one in May. Students who were in band last school year are automatically accepted into Advanced Band. New students must audition with Miss Carreiro for placement.
